Online Giving

Online giving is especially helpful in this time of staying safe from the pandemic. This form of giving also helps stabilize our budget, even in normal times. In order to encourage our members to consider using the tools on the website for E-Giving, our Council members have pledged their own money to a special fund to be donated to the church when the number of recurring online giving units reach 55. The Council fund has \$1,045 pledged, which will be given to the operating budget when we reach the goal. Thank you for considering this important giving option!
